

ICT Responsible Use Agreement for Woodstock School Parent Declaration

I understand that our school is supporting students as they learn the skills required to become successful digital citizens. Our school defines a digital citizen as someone who;

- is a confident and capable user of ICT
- uses technologies to participate in educational, cultural, and economic activities
- uses and develops critical thinking skills in cyberspace
- is literate in the language, symbols, and texts of digital technologies
- is aware of ICT challenges and can manage them effectively
- uses ICT to relate to others in positive, meaningful ways
- demonstrates honesty and integrity in their use of ICT
- respects the concepts of privacy and freedom of speech in a digital world
- contributes and actively promotes the values of digital citizenship

I understand that our school has a policy and associated procedures* which outlines the schools digital citizenship approach and how this supports teaching and learning. I understand that the school encourages responsible behaviour by students when using technology to help protect themselves and each other from experiencing harm online.
