First Credit Union can help you further your child's financial education. Our school banking programme makes it easier to teach kids about SAVING.

For as little as \$5*, children can open a passbook savings account. After this deposits of any value are welcome. Deposits are collected from your school office every week.

Account passbooks give children a visible record of their deposits so they can see their savings grow. And to encourage your child's saving, we will pay them great interest (4% p.a)** and charge no fees.

Opening the account is easy. Simply cut off the form overleaf, fill it out and put it in the envelope with the \$5 initial deposit. Then just hand it in at school. We'll get a passbook out to you.

If you'd like more information on school banking, please visit our website or call your nearest branch.

* To get young savers off to a good start, we ask for an opening deposit of \$5.

** Credited in June.

Who are we?

First Credit Union is NOT-FOR-PROFIT. After expenses are paid and financial reserves are maintained, all other income is returned to our members through lower fees and better interest rates.

We aim to improve the financial and social well being of our members. We encourage thrift through savings and teach the wise use of credit. The reason we exist is to help serve our members the best we can with friendly service, no fees, great interest rates on savings accounts and low interest rates on loans.

We call our customers members - that's because we are owned by the people who bank with us.

To find out more about us you can visit one of our branches or go to firstcreditunion.co.nz.

Proud to be a registered credit union. Not a registered bank. Savings in First Credit Union are shares secured by a first ranking registered Trust Deed. A current investment statement and prospectus are available.
